

EXPERIENCE

A CANADIAN ARCTIC ADVENTURE FOR GOOD

Thursday June 1st - Monday June 5th 2023

A regenerative tour of the Canadian North to appreciate the natural beauty of the land, connect with the community and have an experience to treasure for a lifetime.

Walk or Bike Fundraising Event

Fundraising and donorships go directly to school enrichment programs in Tuktoyuktuk and Inuvik. Previous years proceeds enabled students to attend the United Nations Climate Change conference in Spain, in addition to community awareness projects on mental health and nutritional wellness. Participants commit to a journey along the northernmost road in Canada, and leave with a taste of life the north.

Airfare and Accommodation

Departing BC, guests will journey up to Whitehorse for a single night. Early the next morning we will board a flight up to Northwest Territories to see the tundra take over the landscape. Two nights based in Inuvik for the Trek2Tuk, followed by a final transit overnight in Whitehorse.

Community Connections in 'Tuk' & Inuvik

Meeting the locals and learning of their commitment to life in NWT is a reward in itself. Sample a few flavours and perhaps bring home an artisan piece that can remind you of your 'Canadian Arctic Adventure For Good'.
